

Invention & Innovation

NITTA

THE GREEN SOLUTION

FOR PAPER STRAW WINDING BELTS

- Exclusively designed for paper straw winding applications
- Vastly improved lifetime with special rubber cover
- Constant grip over the entire lifetime

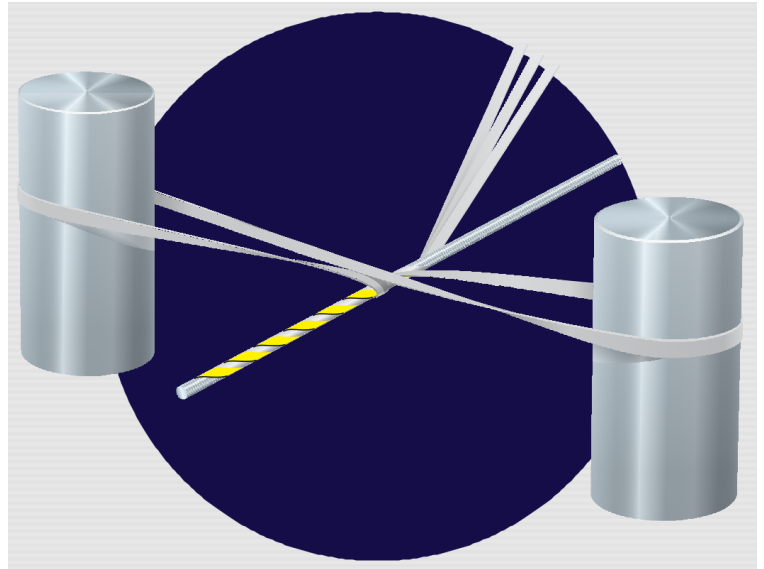

THE GREEN SOLUTION

CHALLENGES

- High speed, small diameter paper straw winding is a unique, challenging application
- FDA compliance is mandatory for all processes in the beverage industry

THE NITTA ADVANTAGE

- SE-XA-PGG-F is a seamless belt specifically developed to cope with the unique challenges of paper straw winding
- The abrasion-resistant FDA*- rubber cover is the first one of its kind on the market and is optimized for long life-time and stable running conditions

Product	Belt Type	Dimensions [mm]			Surface Material [Colour]	Tension Member
		Width	Length	Thickn.		
SEB™	SE-XA-PGG-F	up to 400	up to 2270	1.15	FDA* rubber [Green]	PE** Cord

* The surface rubber meets the extraction limits specified in the FDA 21 CFR177.2600 for rubber articles in contact with aqueous and fatty foods

** PE = Polyester
